## Technical bulletin

Please be advised that the NetApp disk shelf equipped with IOM6 is not compatible with ONTAP version 9.16. Therefore, any NetApp storage cluster linked to a disk shelf with IOM6 will not be eligible for an upgrade to ONTAP 9.16. The most recent version to which you can upgrade is ONTAP 9.15.1.P6.

### ONTAP Upgrade

ONTAP Cluster	
Target Version <b>not supported</b>	9.16.1P1

### Upgrade Blockers

Cluster Name	Description	Corrective Action
NetApp_Cluster	IOM6 not supported in your target ONTAP 9.16.1P1	<a href="https://hww.netapp.com/shelves/Index?OSFamilyId=842816&amp;os=40971612&amp;shelf=416876">https://hww.netapp.com/shelves/Index?OSFamilyId=842816&amp;os=40971612&amp;shelf=416876</a>

### ONTAP Upgrade

ONTAP Cluster	
Target Version <b>Supported</b>	9.15.1P6
